user advised printer is jamming with 241.84 errors constantly
user confirmed they are using thick card stock like paper
paper type is already set to Card stock
but tray 1 paper size was set to Universal. I changed this to A4 and user cleared the jam
attempted to print again but printer is displaying load tray 1 with Card Stock Universal
indicating that the PC meant to be printing in Universal size. We have no default paper settings from Asda so cannot confirm which paper size is meant to be correct
but based on paper getting stuck in pick rollers & bin full error intermittently appearing I am arranging an engineer visit to test and rule in/out printer hardware as the source of the 241.84 errors.CS735Michael Turnbull 01253 612401SN 5030415511H4FIP 10.211.6.159AR ETA 26/04----INSTRUCTIONS----------Technical Notes
